## December 2022 Newsletter

As we come to the end of 2022, we pause to reflect and thank you for your continued support as a friend of Mwenje Wedu. As we look back to the year, we are astounded by the impact we have made supplying children with wheelchairs, or adults that require wheelchairs in order to allow them to earn a living to support young children. We have also continued to support children with fees and life basics to keep them in school and enable them to thrive and realise their potential. In this newsletter, we would like to thank some of our supporters throughout the year.

### **Thank you Harare Colour Sprint Organisers**

This year the Annual Harare Colour Sprint Organisers selected Mwenje we as one of the beneficiaries of the event. They donated various proceeds including a wheelchair and food which have already been distributed to Mwenje beneficiaries. The wheelchair has been donated to a young girl in Murewa, in rural Zimbabwe. Our two board members Agnes Mutapi-Chimhombo (outreach) and Young Kay C Junior (youth advocate) attended the event participating in the run and performances respectively. We are grateful for this support from our first major cooperate supporter.

### **Thank you Rotary Club of Pretoria Capital**

Mwenje Wedu continues to receive requests for mobility aids; wheelchairs and crutches. We are grateful to the Rotary Club of Pretoria Capital for providing wheelchairs and crutches this year. Thank you Prof David Katerere, the club's president and Dr Toni Makina for brokering this donation. These have gone mostly to children suffering from cerebral palsy and to diabetes amputees. They have given independent to children who relied mostly on being carried or crawling for mobility.

# Mwenje Wedu Trust

## Thank you for your support

Finally we are grateful to you our supporters. We thank all of you who purchased Zimbabwean soft furnishings from our Christmas Fair in Edinburgh this month as well as those of you who make direct donations to the Trust. Proceeds from sales and donations will go to Christmas hampers for families with children we support, as well as scholarships for several children.

## Help Mwenje Wedu support more children in 2023

Our resolution for 2023 is to enable more children to attend school through provision of more mobility aids and scholarships. We need support to achieve this. Please consider partnering with us or making a donation to Mwenje through our contacts below. You can also help us by publicising our work, following us on social media, and reposting our news and updates. Please keep in touch, we value your communication.
