

Mwenje Wedu Trust

August 2022 Newsletter

Thank you for your continued support as a friend of Mwenje Wedu. Our family is growing and we welcome new members for whom this is their first newsletter. We have been busy with our core business of enabling children and youth in Zimbabwe to reach their full potential through providing scholarships, training, social enterprise and creating an enabling learning environment. In this newsletter, we would like to highlight three examples of this.

Congratulations to athlete Ngoni

We enjoyed being part of the journey to enable Zimbabwean athlete Ngoni Makusha realise his lifelong dream of becoming an Olympian in 2021. We are now delighted to share with you the latest news that Ngoni (*who won the Athlete of the Year Award at the Youth Awards independently hosted by Mwenje Wedu's youth Advocate Young KayC Junior*), was part of the Zimbabwe Men's 4x100m relay team that won a Bronze Medal at the Africa Senior Championships in Mauritius in June this year. We will continue supporting Ngoni in his preparations for the next season starting Jan 2023

Delivering Epilepsy Medicine

In our last newsletter we reported that Mwenje had facilitated the procurement and delivery of medicines to a young girl incapacitated by epilepsy. This month we received feedback from her family that the medicines have been transformative, enabling her to have normal life. The family sent us her photograph to include in our report. They also send their thanks to the Mwenje family.

Delivering Wheelchairs

We were recently approached by parents/relatives of several children in need of wheelchairs. A Mwenje member who is also a member of the Rotary Club in South Africa sourced 5 wheelchairs which he donated to us. Our only expense was their delivery costs from SA to the families in Zimbabwe

Help Mwenje Wedu

Please consider partnering with us or making a donation to Mwenje through our contacts below. You can also help us by; i) **publicising** Mwenje Wedu's work by following us on social media, and reposting our news and updates, and **keeping** in touch with us, we value your communication and support.
